This Wall Street Journal article is worth reading. Leaves you with a lot to think about!

Teresa,

Thank you so much for sharing and keeping us informed. Please fill out questionnaire – we would love to have you apart of our group. Martha

How about comments Ladies – what have you experienced? Send to mmhulgan@aol.com.

Members – we are still trying to complete our VIEEW Directory, but we need your information if you have not already sent it! The VIEEW membership is free to any woman who is working in any capacity in the elevator industry (Contractors, Suppliers, Mechanics, Helpers, Consultants, Architects, Engineers, Elevator Organizational Groups) - thanks to our many sponsors, but to receive the Newsletter and other important information we need a Directory Questionnaire filled out. So I am attaching the Directory Questionnaire to the Newsletter. Please return it to our Directory Chair – Barbara Allen at Barbara@eesf.org. Thanks, Barbara for all your help with this project.

VIEEW PROJECT UNDERWAY

Last year during our annual meeting, the VIEEW membership voted to help the Elevator Escalator Safety Organization through presenting the program in schools, raising awareness or money in a number of ways.

As of today, we have raised \$650.00 to date - to be presented to the EESF at our 6th Annual Meeting in Atlantic City.

If you have presented the program – please send me a write up and picture for the Newsletter.

Please ask your branch office to make a contribution to EESF thru the VIEEW. You can also make a personal

contribution. **\$ 500.00 will purchase enough Safety Rider programs for 62 Classrooms (1,860 Children) \$ 100.00 - 13 Classrooms (390 Children)**
